

Biocodex Microbiota Foundation CANADA National Grant: Terms and Conditions

Budget

- The total amount of the grant is 35 000 € (approximately \$50 000 CAD) for the whole project (no matter whether it is 1, 2 or 3 years) and the maximal accepted duration of the project is three years.
- The grant will be paid in a single installment.
- Total budget of 35 000 € must be justified. A small deviation of up to 1 000€ below this amount is acceptable. Currency has to be EURO.
- Overhead costs must be part of the budget and not exceed 10% of the total amount of the grant (administrative costs such as salaries of the university's administrative staff, Office rent, Common utilities: electricity, water, internet, etc.).
- Eligible costs include: Personnel costs (salaries to perform the study, collect and analyze the data, write manuscript...: only on the part of their time exclusively and directly devoted to the project), lab supplies, consumables, equipment needed for the research.
- Non-eligible costs include: travels, congress expenses, accommodation expenses or media/publication costs, patent fees.

Reporting Requirements

A final report is required within six months following the project end date.

For projects lasting longer than one year, an annual interim report will be required on each project anniversary date.

Acknowledgment of Support

For any publications, presentations, or communications resulting from this work, please include the following acknowledgment: "This work was (partially) supported by the Biocodex Microbiota Foundation." We kindly ask that copies of any related publications or communications be shared with the Foundation.

Public Communication

By accepting the award, applicants authorize the Biocodex Microbiota Foundation to publicize its support of the project through the BMF website and other communication channels using the non-confidential summary of the proposal.

Intellectual property

The Biocodex Microbiota Foundation does not claim any intellectual property rights on the results generated through the funded project. All intellectual property remains with the Investigator and its affiliated institution.
